WILL OTHER UNIONS JOIN STRIKERS?

Calgary, Aug. 21.—The most important matter in connection with the strike at Calgary was the announcement last night that there would be a big mass meeting of all organized railway labor unions in the Trades Union Labor Hall at 7:30 tonight.

The exact object of the meeting has not been definitely stated, but the men belonging to the other organized railway labor unions are being called together would seem to indicate something more than an ordinary discussion of the strike situation.

It is a well known fact that at the larger center a considerable number of strike-breakers are being pressed into service by the C.P.R. and it is quite on the cards that some radical action may be taken by the other unions if these strike-breakers are employed in any great extent.

A prominent railway man declared that the strikers last night that before the strikers leave the day the men employed in the other branches of service would quit work.

That something of the kind is the wish is suggested in the fact that the big mass meeting will also be held at Medicine Hat on Saturday night, as well as at various other centers along the line.

The question seems to be: Is a general sleep important?

At this time of year, when the big crop of the west is nearly ready to be moved, the answer is of considerable importance, not only to the men themselves, but to the country at large.

The men refused to talk on the subject for publication, but in any event, the outcome of Saturday night's meeting will be awaited with interest.

Provincial Tennis Tournament

Through the enterprise of the Edmonton Tennis Club, there will be a provincial Tennis Tournament in the capital. The club was the original Tennis Club here, having now again organized for two years, and has fine grounds with every convenience. The latest undertaking is the providing of two cups, one being kindly donated by the Edmonton Brewery Co., and the other by Messrs. Whyte and Nash. Prominent members of the club, to be played for in the men's singles and doubles for the championship of Alberta. The matches for this year will take place on the club's courts, here on Friday, Saturday and Monday, September 4th, 5th and 6th. These dates should be advantageous to all as Monday is a holiday here. Labor Day. The cups are open for competition to any person having resided in Alberta for three months, and applications will be received up to Aug. 31st, by Geo. H. Adams, Secretary Edmonton Tennis Club, from whom any particulars may be obtained.

NO HOPE.

Wigan, Eng., Aug. 21.—It is now known that 76 miners perished in the explosion and fire that followed it in the Wigan mine. Finding that it would be impossible to remove the bodies still in the pit, the fire having taken such a firm hold, the directors tonight decided to flood the mine.

ANOTHER ATLANTIC RECORD GONE

New York, Aug. 21.—The Cunard liner *Lusitania* finished a sensational run across the Atlantic at 9:30 o'clock to-night. The big turbine not only lowered all records for the trans-Atlantic voyage by nearly four hours, but she also broke three other records.

She made the passage in four days and 15 hours. The best previous record was made by her on November 8th last was four days, 18 hours and 40 minutes.

On the whole trip of 2781 miles the *Lusitania* made an average speed of 25.6 knots an hour, a new record in previous time being 25.1 made by her on her record trip last November.

The third record broken is that for the greatest day's run, 550 knots up noon on the 21st, in which run she also set a new pace in steaming an average of 25.66 knots for the 24 hours.

Chicago, Aug. 21.—United States customs officials here have seized two pieces of paintings, statutory and rare pieces of armor valued at \$50,000, the property of Mrs. Jack Gardner, of Boston, which was brought abroad for Mrs. Gardner's palace in Back Bay, Mass.

The goods, the customs officials allege, were brought into the United States "household goods" of Mrs. Emily Rockwell Crane Chaddhouse of this city, a friend of Mrs. Gardner, on which Mrs. Chaddhouse, the government officials claim, placed a valuation of \$50,000. In investigating by the customs authorities the real value of the goods was discovered, the tax of \$50,000 was placed upon them by U.S. collector of Customs Ames. Fines and penalties for illegal trafficking of the tax were fixed at \$75,000, which it is said have been paid. It is, however, declared that \$50,000 in addition will have to be paid before possession of the property can be secured.

She Wasn't Particular

Vancouver, B. C., Aug. 21.—The first wedding in this country between a white woman and a Hindu occurred last Monday morning at the St. James Church. The bride was Mrs. Annie Wright, an attractive looking woman, in the early thirties, who has a daughter of nine years of age. The groom was Joseph Singh, a Hindu, who is a native of India and has been in this country for several years.

MARSHALL, NOW EXHIBITS PREMIER

Lethbridge, Aug. 20.—A roasting political meeting was held at Cardston last night in the interests of the Liberal party, the principal speakers being Premier Rutherford and Duncan Marshall, who spoke at length on the questions of the day.

From a party standpoint, perhaps the most important speech of the evening was made by Premier Rutherford. He referred at length to the school book contract, about which so much criticism has appeared of late, and made the announcement that the Alberta government is prepared to give a bonus to any Alberta firm that would undertake the work of printing the Alberta Text books and composing the same standard as the contract with the McGraw-Hill Co.

Friendly Recognition

London, Aug. 21.—The Daily Telegraph's Berlin correspondent states the highest importance to a communication which has appeared in the *Vossische Zeitung* describing what occurred at the meeting between Emperor William and King Edward at Kew on the 19th.

He declares that there can be no doubt that the communication was inspired by the foreign office and that it emanated from Baron Von Jeneich, who was present at the meeting as the representative of the German foreign office.

The communication, it is believed, is intended to prepare public opinion in Germany for a definite settlement of the Anglo-German estrangement in the only possible basis. According to the *Vossische Zeitung*, the Emperor and King Charles had discussed the naval question with the utmost frankness and laid the basis for a complete understanding on the subject.

CHINESE CAMPER RAISES PRICES.

Stevenson, Aug. 21.—A price war which threatens the financial arrangements of the fishermen campers on the Fraser river during the fall and the season broke out at Stevenson, this morning, a Chinese camper having begun the price of sockeyes from 75 to 30 cents.

The news of the advance had no sooner spread than the associated campers and their managers had "horrid" consultations over the telephone line between here and Vancouver with the result that instructions were given by all campers that the advance should be met.

There is a great deal of disgust among campers managers that a "bait" in the price arrangement should have occurred at this date in the season, and the demand for fish is becoming greater on the part of campers, who have still cases of empty cans to fill.

It is possible that further increase in price may be made. It is certain, however, that no prior advantage will be held by any camper, for as soon as a note in that direction is discovered all competitors will meet the highest figure quoted.

GONE CRAZY.

MacGregor, Man., Aug. 21.—Thomas Kirkwood, 30, of Kew, Ontario, who arrived here a few days ago on one of the harvesters' excursions, was sent to the Portage Jail today, his mind having been badly deranged.

Springfield, Ill., Aug. 21.—Ten indictments against two of the alleged mob leaders were returned by the special grand jury of Sangamon county today today. Six of these are against Abraham Raynor, and four are against Jack Howard.

Raynor is charged with the murder of a man, four cases of malicious mischief and one of riot. The charges against Mrs. Howard are for malicious mischief and are identical with those against Raynor on these counts.

The murder charge against Raynor is based on his alleged participation in the lynching of William Donigan, a negro 30 years old. Considerable evidence upon which this was voted was procured by a military court of inquiry which has been sitting under the direction of Lieut. Col. Clippel of the First Cavalry, and which today turned over to the State's attorney the result of its investigation.

"We procured enough evidence to indict forty or fifty incompetents in last week's riding," said Col. Clippel, perished tonight. "We have a complete confession from Raynor and have also discovered convincing evidence of arson on the part of a former police officer at Springfield. The evidence is not only available for grand jury but also is of such a character that convictions are almost bound to follow its presentation in court."

There was some excitement tonight over a report that Rulla Keyes, a seventeen year old boy, who testified before a special grand jury when that body indicted George Robertson for an alleged assault on Mrs. Mabel Hoffman had been shot by friends of the accused negro. Before the rumor had time to spread far, however, it was learned that the shooting was accidental, the wound having been inflicted by a bullet from a revolver belonging to a companion of Keyes. The boy is so seriously injured that he may not recover.

The boy is so seriously injured that he may not recover.

The grievous cause fresh tears in "Black Belt," despite the attempt of the officials to "quell" the town. The arsenal was crowded with refugees again and there was also a large number of negroes, who slept under the protection of a camp from the Seventh regiment at Camp Litchell.

ABSOLUTE NONSENSE.

Beth, Aug. 21.—A number of German provincial newspapers of high standing, including the *Danziger Nachrichten*, the *Breslauer Anzeiger*, and the *Dresdener Nachrichten*, published the following order the heading of "cold courage":

"The Emperor William has given the German nation a good example. Accompanied only by a cruiser and a torpedo destroyer the emperor passed coolly and quietly through the lines of the British fleet, and accepted the homage of the British warships. The emperor, in so doing, revealed a cool courage which many Germans have lost in these days of international complications. Many Germans have lost confidence in the emperor, and with justice the emperor would undertake his annual Scandinavian trip this summer, because there was danger; that the unscrupulous English would not opportunistically to provoke our emperor while he was crossing the sea from home."

This refers to the emperor's passing visit to the British fleet near the coast of Norway on his way northward. It is typical of the political poison of the German press, or of large section of it which serves the despicable portion of the German public.

PRESIDENTIAL CAMPAIGN

Hot Springs, Ark., Aug. 21.—Nearly five thousand visitors have come to the city today to attend the opening of the campaign in the south. In his speech last night Bryan's question, "Shall the people rule?" and compared the efforts of the Republican party to force the abuses of trusts and monopolies with what the Democratic party had tried to do.

The speech also contained an appeal to the independent Democrats on the ground that the Republican party had improved the waterway, building the Panama canal, started the movement for the reclamation of swamp lands, conservation of forest and water resources, and was taking many other steps for the development of the south.

When officers were to be filled in the Philippines, Porto Rico, or Cuba, no attention was paid to the parties, no consideration of any kind, there were to-day serving the government in the Philippines as many Democrats as Republicans.

Hot Springs, Ark., Aug. 21.—Bryan did not arrive until about thirty minutes, two hours late. He was met at the station by a crowd of fifteen hundred people. This evening he will deliver a speech on the tariff, which will set forth his views on that great issue and be his answer to those who criticized his attitude. The afternoon was taken up with a conference of the Democratic leaders.

Great Jewel Robbery

New York, Aug. 21.—It became known to-night that jewels valued at more than \$50,000 have been stolen from a secret treasure room in the mansion of Commodore Frederick G. Boomer at Calumet, Long Island.

The treasure room was built when the house was erected, and its existence was known only to the family. The jewels were those worn by Commodore Boomer's three daughters, the Misses Marion, Marjorie and Florence at the Boomer slave and opera, and other brilliant society functions. The robbery took place some time while the family were away. Following the departure of the family to Park Island on the St. Lawrence river, workmen were employed to make repairs on the house, and detectives believe that it is this way the treasure room was discovered.

Detectives disguised as artisans, have since been working with the men, and it is stated they have entered their suspicions on two men.

STANDARD OIL APPEAL.

Chicago, Aug. 21.—The government today filed a petition for the rehearing of the Standard Oil Company's case in the Indiana federal appellate court. The dominant causes Judges Grosscup, Sherman and Baker, of the U.S. circuit court of appeals, with justices to Judge Laddie, accusing them of misstatements of the facts' position and facts are on record in the case. The petition which is voluminous, was allowed by the Government Chief Clerk Small, of District Attorney Sims' office.

John Miller and his associates, representatives of the Standard Oil company, have 20 days in which to file their answer. The appellate judges, who received Laddie's \$29,000,000 case, must consider the government's petition of figures it.

BAD MAN CAUGHT.

Baltimore, Md., Aug. 21.—Constable Carmichael, of the municipal police, after a chase of over 200 miles, and laying in ambush, caught Moore, the notorious Indian, Patrick Moore, who is an old offender and frequently jailed capture, was wanted for the murder of the Indian boy slain at Fairview and Justice McCreary and Lumbering gave him a heavy sentence.

MR. A. T. CUSHING IN HOSPITAL.

Edmonton, Aug. 21.—Another case of smallpox from Gull Lake was reported at the office of the city health officer this morning. The patient, who has been removed to the Isolation Hospital, is A. T. Cushing, of Cushing Bros., lumber manufacturers, who returned from Gull Lake a week ago last Sunday. Since then he has been about the city and made in contact with many people. In his case, as in the case previously reported, the vaccination failed to take.

THE RAILWAY MEN'S STRIKE

Medicine Hat, Aug. 21.—The strikers are to hold a big meeting on Saturday evening, at which all the unions in the railway service will be represented.

Two engines from Swift Current and Calgary are said to have been put out of business since the strike commenced. At Calgary they are stalled forty broken down locomotives.

Lethbridge, Aug. 20.—The extra west bound freight from Lethbridge was dished at Niam, a siding six miles west of St. Mary's, and is completely demoralized. The exact cause of the accident cannot be ascertained, but passengers on the local last night, who were transferred part, it may be a broken rail, or all the rails were intact, although some of them were badly bent.

This makes the third train that is lying in the ditch in southern Alberta. One is near Lethbridge, a second between Medicine Hat and Calgary, which was dished last Saturday, and this one near St. Mary's.

Unofficial reports from various parts of the country say that the C. P. R. rolling stock is getting into very bad shape. The local strikers say that cars are being taken out in a condition that would not be tolerated at any other time. A caboose went out today in an unsafe condition, and today they allege that a car went out in a very bad condition.

Master Mechanic Woodhouse, of Calgary, arrived in the city last night, with an extra on, carmen, boiler-makers and fitters. There are now twenty-nine men on the roll at the local shops. The C.P.R. claim to be able to fill all the places in all the shops on the whole system. A carman was working on the cars in the yard today. This is the first day that any but the officials have been working on the cars in the yards.

Winnipeg, Aug. 20.—The Anarchist section in Winnipeg have been planning an attack on the C.P.R. shops and coach houses. The cars have leaked out that such an attack was seriously contemplated by some of the forgers in the north end on Saturday night last, but the executive of the strikers got wind of it and took prompt action to prevent any disaster, not wishing the men's cause to be injured.

J. H. McKee, questioned today, admitted that he had heard of the contemplated attack on the company's property, and said that the executive had successfully repaid it. Several pickets went out to guard the yards and prevent anything happening. The pickets saw small groups of forgers but no action was taken.

The Conservative Platform

As Enunciated at Halifax and Other Places by Mr. R. L. Borden, Leader of His Majesty's Loyal Opposition in the House of Commons.

1. Honest appropriation and expenditure of public moneys in the public interest.
2. Appointment of public officials upon consideration of capacity and personal character and not of party service alone.
3. More effective provisions to punish bribery and fraud at elections, to ensure thorough publicity as to expenditures by political organizations, to prevent the accumulation of campaign funds for corrupt purposes and to prohibit contributions thereto by corporations, contractors and promoters, to expedite hearing of election petitions and to prevent collusive arrangements for the withdrawal or compromise thereof, to provide for a thorough investigation to corrupt practices and if necessary to appoint an independent prosecuting officer to enforce the laws so amended.
4. A thorough and complete reformation of the laws relating to the Civil Service so that future appointments shall be made by an independent commission acting upon the report of examiners after competitive examination.
5. Such reform in the selecting of members of the Senate as will make that chamber a more useful and representative body.
6. A more careful selection of the sources from which immigration shall be sought, a more rigid inspection of immigrants and the abolition of the bounty system except under very special circumstances and for the purpose of obtaining particularly desirable classes of immigrants.
7. The management and development of the public domain (in which are to be included great national fur chases) for the public benefit and under such conditions that a respectable proportion of the increment of value arising therefrom shall inure to the people.
8. The operation and management of our government railways by an independent commission free from partisan control or interference.
9. Development and improvement of our national waterways the equipment of national ports, the improvement of transportation facilities and subsequent reduction of freight rates between the place of production and market, whether at home or abroad and the establishment of a thorough system of cold storage.
10. The re-organization of the present railway commission as a public utilities commission with wider power and more extended jurisdiction, so as to establish thorough and effective control over all corporations owning or operating public utilities or invested with franchises of a national character.
11. The establishment after due investigation of a system of national telegraphs and telephones under conditions which shall be just to capital already invested in those enterprises.
12. The improvement of existing postal facilities, especially in newly developed portions of the country, and inauguration, after proper inquiry as to cost, of a system of free rural mail.
13. A fiscal policy which will promote the production within Canada of all useful articles that can be advantageously manufactured from or by means of natural resources, having due regard to the interests of the consumer as well as to the just claims of our wage-earning population.
14. The promotion by negotiation and other constitutional means of a system of mutual preferential trade within the Empire.
15. The restoration of the public lands to the Provinces of Alberta and Saskatchewan upon fair terms.
6. The unimpairment maintenance of all powers of self-government which have been conferred upon the Provinces of Alberta and Saskatchewan.

A SAMPLE TAKE-OFF.

(Winnipeg Telegram.)

Out of the mass of material and inquiry exposed at Ottawa during the recent session of the House of Commons, there is one timber berth transaction so simple in its details, so effective in its results, that it serves as possibly the best example of the system by which the game was worked.

In January, 1903, application was made for the sale of 900 square miles of timber north of Prince Albert, to be selected in 30 blocks of ten miles from the vast area of 7,000 square miles. Clifford Sifton was Minister of the Interior, Brother-in-law Burrows was in the timber business. J. G. Turill, M.P., was commissioner of lands and opened the tenders. The department had no official information about the timber in these limits. There was no time to make an exploration, but one thing was positive and certain, whoever got possession of that immense area would be able to dictate his terms to the Prince Albert mill owners. William Cowan, of Prince Albert, simply had to have that timber berth or his immense mills would be out of business. It was a Conservative and knew he had no chance to succeed if he tendered in the usual way. He got A. W. Fraser, K.C., to tender for him. He did not even fix the amount he would pay the government. That was all arranged at Ottawa. Mr. Fraser put in two tenders, one for Cowan and one for Melvin Burrows furnished the cheques. The government bonus was \$5000, which presumably Burrows paid. At any rate after some juggling with assignments, William Cowan got the timber berth but not until he had paid out EIGHTY THOUSAND DOLLARS IN THIRTY CHEQUES TO BURROWS, ONE OR THIRTY THOUSAND DOLLARS AND TWO FOR TWENTY-FIVE THOUSAND DOLLARS EACH.

The government got \$50,000. Burrows gets \$50,000. The difference is \$74,000. Some people might call this profit. Others term it graft or take-off. The Free Press, perhaps, speaking more euphemistically, says it was a "provisional" Blackmail and theft on a large scale.

These facts all came out before the public accounts committee. At the time the deal was made Clifford Sifton was minister of the Interior, and Brother-in-law Burrows was operating a successful business. There was no time to make an exploration, but one thing was positive and certain, whoever got possession of that immense area would be able to dictate his terms to the Prince Albert mill owners.

THE DEMAND FOR WHEAT.

Winnipeg, Aug. 21.—Although the cash wheat market nominally rules around 110¢, almost any price would be paid for actual wheat now obtained on this market. The country appears entirely depleted, and flatterers offer do not find response in even a trickling movement from the country. Local dealers say that cash prices are likely to rule high until well on into the movement of spring wheat. They say Minneapolis millers are ready to take all the wheat they can, and are looking to Winnipeg to restore their depleted stocks.

THE MARATHON.

Although this race was not run under the same conditions as that from which it is named, yet it was of sufficiently severe character to test to the utmost the endurance of the various contestants. Practically every competitor partook of some somewhat moist in the course of the race; and it is reported that of the 26 who actually finished no less than 26 made Borrell their choice. Among these were Hayes, the winner; Dornado, the first arrival; Heffernan, the official record, and Forsyth, the third. It is stated that the quick results gained from the use of Borrell were really wonderful.

Monday being a public holiday there will be no issue of the Chronicle.

Mr. and Mrs. R. S. Jenkins and son left Strathcona yesterday for an extended holiday tour.

Miss Mary Ferguson and Miss Jessie Sutherland left this morning for Calgary, where they will attend the Normal school during the coming term.

Owing to a misunderstanding the Firemen's baseball team did not turn out last evening to play the Cyclones. Two teams were, however, picked on the ground by J. Forsythe and W. Groat. An exciting four-innings game was played, which resulted in a victory for Forsythe's team, the score being 2-1.

The first athletic meet ever held in Northern Alberta will take place on Monday afternoon at the Edmonton Exhibition grounds, under the auspices of the Y.M.C.A. Strathcona is well represented. McLean, Albert, Horner, Carmichael, Ritchie, Purdy and Soames competing in the 5000 series, and Newman, Carmichael and Butler in the junior part of the programme.

DISTRIBUTING THE HARVESTERS

Winning, Aug. 21.—The work of the distribution of the ten thousand harvesters who have arrived from the east has practically been completed and those who are in charge of this part of the work at the C. P. R. say that nearly all the men have been sent out to their places of destination. More special trains will arrive from the east on Friday with some thousands additional, and preparations are being made for the distribution of these.

August time, tells on the nerves. But it is not so serious, as a man's feeling can be easily and quickly altered by taking what is known by druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative, improvement will be no longer of course, but health will not immediately return. The gain, however, will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the brain nerves then the stomach, heart and kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by all Dealers.
